

*"I love all my visits. We talk about my old days and my experiences, my health, and movies...it is so enjoyable."*

## Connect with a Friendly Visiting Volunteer!

Build a new and meaningful friendship within the comfort of your home with DOROT's Friendly Visiting program. Bond with a volunteer over shared life experiences, hobbies and interests, and more!

Our social work team matches pairs of volunteers and older adults based on mutual interests, availability, and neighborhood location. Matches are made for a 12-month period with either monthly or weekly visits. Often, the friendships made in this program continue and become lifelong!

**So what are you waiting for? Build a new friendship today!**
